REPORT
OF THE
COMPTROLLER OF THE STATE OF FLORIDA
FOR THAT PORTION OF THE FISCAL YEAR
1877,
Beginning Jan. 10th and Ending with Dec. 31st.

REPORT OF THE COMPTROLLER.

OFFICE OF COMPTROLLER,
TALLAHASSEE, FLA., March 1, 1878. }

To His Excellency, GEO. F. DREW, Governor:

SIR:—I have the honor to report to you the warrants issued from this office during 1877, and those for the expenses of the fiscal year ending December 31, 1877, and the several heads of expenditure under which they were drawn. The latter, including the amounts due and unpaid for the expenses of 1877, (herewith presented,) will show the aggregate of same for that year.

The receipts at the Treasury, for the fiscal year 1877, are herewith given.

Also the total amount received at the Treasury, through the Comptroller's office, for the redemption of lands sold to the State, under Section 59 of the act chapter 1976 of February 17, 1874, and the act chapter 2043 of March 7, 1877.

There is appended a tabular statement, showing the gross and net amount of all State taxes assessed for the year 1877, in each of the counties of the State, the gross and net amount of all State taxes upon licenses, &c. The table is made up from the tax books as returned by the several Tax Assessors, and except in three instances (Dade, Hillsborough and Santa Rosa) these officers, from not receiving them in time, could not observe the instructions from this office relative to a reduction in the State Tax Proper from seven to six mills, the reduction in the General Sinking Fund and Interest Tax from three to two mills, and the assessment of a uniform Special Sinking Fund and Interest Tax of one mill. In consequence of this the gross and net amount of taxes under these respective heads, as shown by the tax books, is greater by the difference between what the revenue law of 1874 directs to be assessed, and the rate directed by this office to be collected. As for instance, the gross amount assessed under the law on the aggregate value of the taxable property returned (\$30,898,247,) at seven mills would be \$216,287.73, and the State's proportion of the poll tax added will make the gross sum given in the table, viz: \$236,939.89; whereas, under instructions from this office, while the assessment has been made at seven mills, the tax collected will be at the rate of six mills, and this rate, on the \$30,898,247 returned, makes the gross amount collectable \$185,389.48, and with the poll tax added, \$206,939.48. And so with respect to the Interest and Sinking Fund Taxes. The gross amount of the General Interest and Sinking Fund Tax is returned in the tax books as \$91,590.29, when it is but \$61,796.49, and the Special Sinking Fund and Interest Tax is \$30,898.25, instead of \$40,124.46 as returned by the Assessors.

Bond Account.

I received to Comptroller Cowgill for Bonds of 1873, unissued, \$100,600.

During the past year I have exchanged \$22,000 of these Bonds for \$22,000 of Engraved Comptroller's Warrants.. \$22,000
 For 5 Convention Bonds..... \$500
 With interest to 1st January, 1874..... 200— 700
 For Bond No. 153 of 1869 for \$1,000..... 1,000—

\$23,700

The Bonded Debt of the State now stands as follows:

Bonds of 1873 outstanding 1st January, 1877, as per report of Comptroller Cowgill..... \$899,400
 Exchanged since as stated above..... 23,700— \$923,100
 Bonds of 1871..... 350,000
 Bonds of 1857 held by private persons, with interest to 1st January, 1874..... 6,800
 Convention Bonds (exclusive of interest)..... 2,900
 Bonds of 1857 held by Indian Trust Fund..... 132,000
 (With interest now due..... \$147,280.)

Deduct Bonds in Sinking Funds..... \$1,414,800
 130,700

\$1,284,100

Warrants Outstanding.

The amount of written Comptroller's warrants outstanding on 1st January, 1878, as ascertained by careful comparison of the records of this with the Treasurer's office, is \$20,664.28.

Of the engraved Comptroller's warrants outstanding, so vague would be the estimate that could be now made that it would afford nothing sufficiently reliable to justify its appearance in an official report. The reasons are, to some extent, stated by the Hon. C. A. Cowgill, in his report on the 1st of January, 1877. In that report it is stated that there is "\$21,315 in excess of the amount properly outstanding, as shown by the examination of the books of the Comptroller's and Treasurer's offices, and to this amount must be added the unknown quantity held by private persons."

No nearer approach can be made at this time as to the amount of green-back scrip properly outstanding; and until the re-issue of these warrants by the Treasury is discontinued, no correct conclusion on the subject can be reached.

By the act chapter 2083, February 21, 1877, the Comptroller is directed, in his annual reports to the Governor, to make a full statement of defaulters, with names of defaulters and sureties, and amount in default, the State Attorneys to whom forwarded for suit, the amount realized therefrom, &c., and that a tabulated statement of said defaulters shall be published in some newspaper in Tallahassee.

The law prescribing the duties of the Comptroller directs that "he shall make a full report of his official acts, of the receipts and expenditures of his office, and of the requirements of the same, to the Governor, at the beginning of each regular session of the Legislature, or whenever the Governor shall require it." It will be practicable to lay such a report as that required by chapter 2083 before the Governor in time for the meeting of the next Legislature. So large a number of accounts with accounting officers remained unsettled at the commencement of 1877, that it would have

been impossible to publish a tabulated statement to meet the purpose of the law and accompany this report. More than one hundred accounts remained unadjusted, some of them running back several years, at the beginning of the year 1877. These have required careful investigation and lengthy statement, with reference to ascertaining their true condition. Of these some thirty-five have been carefully made out and forwarded to State Attorneys for suit, and the work of completing these statements is now in hand. These accounts do not, of course, all show "defalcations," in the sense of moneys collected and withheld from the State, and some of them may be properly adjusted before judgment is rendered.

The aggregate amount of balances due on the accounts sent to State Attorneys foots up \$89,098.94.

With due respect to the Legislature, every effort will be made to collect all of the arrears possible before the next meeting of that body, and to lay before them the tabulated statement of the then condition of the accounts.

Yours, very respectfully,

C. DREW, Comptroller.
